Subject: Invitation to be inducted as inaugural Fellow of UC Centre for Excellence in Learning and Teaching Scholarship, Thursday 8 November 2018, 2:00pm - 4:00pm

Dear Colleagues

I am seeking, with PVC T&L Lyndon Anderson, to establish at UC a Centre for Excellence in Learning and Teaching Scholarship. As you may know, some years ago there was a previous entity also called CELTS, within which there was a group of recognized UC champions known as CELTS Fellows, who supplemented and enriched the work of the T&L staff in enhancing the practice and scholarship of teaching and learning across UC, and advised the university on T&L policy development and quality improvement.

We are now seeking to re-establish the CELTS Fellow concept at UC, and it's my great pleasure to extend an invitation to you, as a recognized exemplar and proponent of teaching and learning excellence, to be one of the inaugural Fellows of the new CELTS, the goals of which will include:

- recognising and rewarding the achievements of outstanding UC educators;
- supporting processes to encourage and recognise the achievements of emerging UC educators via such means as Higher Education Academy Fellowships, the Graduate Certificate in Tertiary Education, institutional learning and teaching awards, and national award applications;
- fostering leadership in teaching and learning scholarship and scholarly practice across the University.

The new CELTS Fellows will be formally inducted at the forthcoming UC Teaching and Research Excellence Awards. Could I ask you please to confirm by return email at your earliest convenience:

- your acceptance of this invitation to become a CELTS Fellow, and also
- your availability to attend the Awards Celebration event from 2.00pm to 4.00pm on Thursday 8 November 2018, Ann Harding Conference Centre

Congratulations on your eligibility for this honour. I look forward to seeing you at the Awards.

Yours sincerely

Professor Nick Klomp
Deputy Vice-Chancellor Academic
