Chandra Rekha Makanjee  
Dipl Rad, BRad (Hons),  
MRad, PhDRad

Dr. Chandra Rekha Makanjee is a senior radiography lecturer in the field of diagnostic radiography namely general radiography. She has 25 years of experience in clinical diagnostic radiography. She is currently a senior lecturer at the University of Pretoria, Pretoria, Gauteng Province, and South Africa. She completed her Masters (2004) and PhD in Radiography

(2013) at the University of Pretoria. She serves as a member of the Health Professional Council of South

Africa, an associate member of the International Society of Radiographers and Radiological Technologists, and an ordinary member of the Society of Radiographers of South Africa.

Her areas of interest include clinical radiographic practice, image recording, and research. She has management and leadership experience in both academia and clinical spheres with a passion for quality assurance, quality control, and quality service delivery both from a professional perspective and from a patient perspective. She is also interested in collaborative research projects and obtaining grants but not yet ventured into.

## Spotlight on ARIN Corporate Partners

**Medtronic**  
Further, Together

At Medtronic, we're passionate about making doctors, nurses, pharmacists and other medical professionals as effective as they can be.

Medtronic's Professional Affairs & Clinical Education Team (PACE) is committed to enrich the clinical community and enhance patient outcomes through training healthcare professionals on the safe and effective use of Medtronic's devices utilizing procedural and evidence based medical education activities.

Medtronic is committed to supporting a wide variety of clinical education programs for Clinicians, Surgeons, Interventionalists, Nurses, Allied health personnel, Fellows, Residents and other members of the healthcare profession.
